SOLAR PANEL & GUTTER CLEANING IN OXNARD

Kelly Cleaning recently completed a major cleaning project for Paseo Del Rio Apartments, where our technicians spent 5 days cleaning a total of 264 solar panels and the gutters on all 8 buildings. Our skilled team used top-of-the-line equipment to ensure both safety and efficiency, leaving the panels spotless and the gutters cleared just in time for the fall season.

Why is solar panel and gutter cleaning essential for apartment complexes? →

Continued from page one:

1. Improved Efficiency: Clean solar panels increase energy production by up to 25%, which helps lower utility bills for the entire complex. Dust, grime, and leaves reduce the efficiency of your panels—regular cleanings can keep them performing at their peak.
2. Prevent Damage: Clogged gutters lead to water overflow, which can damage the roof, walls, and foundation. Prevent costly repairs by ensuring your gutters stay clear throughout the rainy season.
3. Extended Lifespan: Regular maintenance prolongs the life of both solar panels and gutters, saving you money on replacements and repairs in the long run. Don't wait until it's too late! Protect your investment and keep your apartment complex running efficiently with Kelly Cleaning's solar panel and gutter services. Call us today to schedule a consultation and experience the professional touch that keeps your property in top shape.

SIERGE'S SOLUTION

Dia Dhuit (Jee-ah ghwitch) = Hello!

Dia Dhuit, lads and lasses! Ah, there's nothing quite like Halloween, is there? The wee ones running about in their costumes, treats in hand... until one of those sticky sweets makes its way onto your lovely carpet or upholstery. But no worries, I've a few tricks up my sleeve to help you banish that candy for good!

First, freeze the sticky culprit. Grab an ice cube and hold it against the candy for a few minutes until it hardens. Then, gently scrape it off with a butter knife or spoon. Next, mix a bit of warm water with dish soap, dab the area with a cloth, and blot—don't rub! You can also use white vinegar if the candy's leaving a stain behind.

For those more stubborn candies or fabrics, try a dab of rubbing alcohol—but be sure to test it on a hidden spot first.

Now, if you'd rather not deal with the mess and want to enjoy the holiday, just give Siege and the Kelly Cleaning crew a ring. We'll handle it with a smile, and your carpet or upholstery will be as good as new! Cheers to a clean home and a spooktacular season! 🎃

Fun fact: Did you know that Halloween originated from the Celtic festival Samhain (pronounced Sah-win)?

SLÁINTE

Sláinte (Slon-che) = Cheers!
