We have the solutions for your cleaning needs

1 Beach Tar Upholstery Cleaning

2 Serge's Solution: How to clean your restroom

3 Events happening in Ventura County

AIR DUCT AND FURNACE CLEANING

As winter sets in and heaters work overtime, it's important to ensure your home's air is clean and safe. At Kelly Cleaning, we specialize in air duct and furnace cleaning, helping your home stay fresh and efficient during the cold months.

Using our state-of-the-art Rotobrush system, we simultaneously brush and vacuum the air ducts, removing dust, allergens, and debris. The HEPA-filtered vacuum ensures that particles are trapped, not recirculated into your home. This is an essential step in improving indoor air quality, especially during the winter when windows are often shut tight. →

ALL OF OUR SERVICES

- Janitorial and Commercial Cleaning
- Air Duct and Dryer Vent Cleaning
- Carpet and Upholstery Steam Cleaning
- Oriental, Persian, and Area Rug Cleaning
- Floor Cleaning and Maintenance
- Stone and Tile Maintenance
- Window Washing

This publication is provided to our readers for informational and promotional means. We want to share the stories that our customers might find interesting as well as a way to give back to our janitorial clients.

Continued from page one:

But we don't stop there. Our service extends to cleaning the furnace portion of your heating system. By removing buildup and grime, we help improve the efficiency of your heating system and reduce potential fire hazards.

Give yourself and your family the gift of clean, breathable air this holiday season. Call Kelly Cleaning today and schedule your air duct and furnace cleaning. A fresh start for your home is just a call away!

SIERGE'S SOLUTION

Dia Dhuit (Jee-ah ghwitch) = Hello!

Dia Dhuit, lads and lasses! Ah, the holidays—filled with joy, laughter, and, occasionally, a bit of spilled candle wax! If wax has found its way onto your upholstery, fear not—Sierge is here to save the day.

- 1. Harden the Wax:** First, let the wax harden completely. You can speed this up by placing an ice pack or a bag of frozen peas over the wax for a few minutes.
- 2. Gently Scrape:** Use a dull knife or credit card to gently scrape off as much wax as possible. Be careful not to damage the fabric.
- 3. Iron and Absorb:** Lay a paper towel or brown paper bag over the remaining wax. Set your iron to a low setting (no steam) and press it lightly over the paper. The heat will melt the wax, which will then transfer onto the paper. Repeat with a fresh paper towel until no more wax is absorbed.
- 4. Spot Clean:** Use a gentle upholstery cleaner to remove any lingering stains, following the manufacturer's directions.

If that all sounds like too much work, give us a call! Kelly Cleaning's skilled technicians can handle even the toughest wax stains. Enjoy the holidays without the hassle—we'll take care of the mess for you!

SLÁINTE

Sláinte (Slon-che) = Cheers!

This December, we are delighted to celebrate **Vanessa Bello** as our Cleaner of the Month! Vanessa has been working with Kelly Cleaning since 2018, and her dedication to excellence shines through in everything she does.

Recently, one of her janitorial clients left an outstanding review, praising Vanessa's attention to detail and professionalism. Her positivity, hard work, and commitment to going above and beyond make her an invaluable member of our team.

Sláinte Vanessa! Thank you for your incredible contributions to Kelly Cleaning. You've truly earned this recognition and the \$50 prize that comes with it.

HAPPENINGS IN VENTURA COUNTY
